Subject: Telemeeting with ETRMA

Dear Monica, dear all,

Thank you Monica for submitting contact details for the colleagues in US, who might wish to join the meeting related to the following issue (presentation and documents already submitted):

Tomorrow, on 19th May, at 15.30 (Brussels time) the European Tyre&Rubber Manufacturers Association (ETRMA) will present results from a risk assessment program on recycled crumb rubber by the Mario Negri

institute. ECHA and US colleagues are invited to follow the meeting with ETRMA and the Commission services (DG GROW and DG ENV).

I received instructions from Mr Enrique Garcia-John (DG GROW), on how to connect to the telemeeting. Below is the part for US. We would appreciate to receive information who has the possibility to follow the meeting from US.

Best regards,
Kirsi
